

MAY 24, 2023

6:30 – 8:00

GAME NIGHT!

Social Skills Group (Ages 11-14)

Is your child experiencing social challenges? Developing a solid set of social skills will allow them to communicate, relate to, and connect with others. Let us help them navigate their way through life with a better degree of satisfaction while learning these essential skills to establish and maintain relationships. Our "Game Night" is specific to and will include neurodivergent learners within our communities (Autism Spectrum Disorder, ADHD, Anxiety, etc.). Your child will have the opportunity to meet others, learn social skills and enjoy a night of fun.

Cost

Registration Deadline May 19
\$45/participant

(1.5 hours of skill building activities, food and beverages included)

Registration (CLICK the link or SCAN the QR Code)
